HRT Is Linked to Deaths From Lung Cancer

Hormone replacement therapy may raise women's risk of dying from lung cancer, a study shows. [View full article](#)

First Doses of Swine Flu Vaccine Coming Soon

The first 3.4 million doses of swine flu vaccine -- all the FluMist nasal spray vaccine -- will ship in early October. Some flu shots may be ready by then, too, with more on the way. [View full article](#)

Heart Risk Factors Cut Life Span by 10 Years

A 50-year-old smoker who has a history of high blood pressure and high cholesterol can expect to die a decade earlier than someone of the same age with none of these heart disease risk factors, a study shows. [View full article](#)
